Thank you to all of the staff who have worked so diligently over the past two weeks to apply the safety measures outlined in our District Safety Plan for Reopening Schools. These changes are not easy in practice, but we must be serious about keeping each other safe.

As an additional way to measure our implementation of reliable safety measures, please use the new Staff Daily Safety Reporting form. We would like to hear from every staff member, every day, starting Monday August 31, using the link or the QR code below. This is a very short form and can be completed from a computer or a smartphone; consider adding a bookmark on your phone or computer to make this form easy to access on a daily basis.

Thank you.
